Dear Peter,

On behalf of the Calgary Marriott Executive Committee and Associates, I would like to sincerely thank you for your efforts in completing a successful guestroom renovation.

It was certainly a pleasure to work with you and your company again. We appreciate working with a company that listens to our concerns and make quick amends to resolve any issues brought up. Your cooperation and dedication to meeting our expectations made this a positive experience for all concerned.

Peter, I hope there will be another opportunity to work with you again in the future, wishing you all the success in years to come.

Warmest regards,
